

## **Safe Work Leader – Pre-Qualifier**

This Pre-qualifier will support you positively in your Safe Work Leader training course. Providing you with the knowledge and behaviours required to be a Safe Work Leader. It is a key requirement which needs to be passed before attending the training course. If you fail, then you are required to create a development plan with your line manager.

- Complete the pre-qualifier, you have 2 attempts
- If you pass, print out your certificate and take it to your training course
- If you fail **DO NOT** access the second attempt straight away. During your time in the pre-qualifier, please make notes of the areas you struggled with so that you can study them afterwards
- Once you feel confident then take your second attempt. If you fail this time you will be **locked out**
- Discuss with your line manager the areas that you struggled with and create a development plan to work on. (This development usually takes a minimum of 2 weeks)
- Once you and your line manager have discussed the completion of the development plan, the line manager will then contact the Route Implementation Manager to arrange for your account to be unlocked.
- GOOD LUCK!

Your certificate will appear once you have passed the Pre-Qualifier.

**Should you have any questions/enquiries regarding this course, please fill out the form at the bottom of the Training page on the [Stobart Rail & Civils website](#) and we will endeavour to respond to you as soon as we can.**
